4WD Parts

4WD Systems has been repairing & reconditioning 4WD vehicles for 20 years. Our process is to fully disassemble, comprehensively inspect all components and replace or recondition any part our qualified technician deems too worn for reuse. We ship engines, transmissions & diffs etc. all over Australia, many to work site environments. Most of our technicians have worked in the petroleum and mineral exploration industries, hence understand the cost of interruption due to part failure.

We operate a well equipped workshop with a wide range of specialised equipment for all aspects of 4WD mechanical repair and service. Areas of speciality are:-

- Transmission (gearbox & transfer case) repairs
- Transmission NEW & S/hand parts
- Differential reconditioning, ratio changes
- Differential NEW & S/hand parts
- Diesel engine reconditioning
- Diesel engine overhaul kits
- Diesel NEW heads
- Diesel injectors

Warranties provided for major rebuild items, transmissions, differentials or engines is 12 months/20,000km.
